

SAMOA MINISTRY OF HEALTH LAUNCHES DOCUMENTS & WEBSITE

The MOH's new website

the website. Such achievements is of great essence and shows the commitment not only of the MOH and the Health Sector, but also the continuous support of the funding agents and donor partners such as the World Health Organization (WHO), World Bank, NZAid, AUSAid, UNFPA and the Sector Wide Approach Program (SWAp).

The Director General / Chief Executive Officer of Health, Palanitina Tupuimatagi Toelupe was the Master of Ceremony. The Honorable Deputy Prime Minister, Misa Telefoni, was given the pleasure to unveil the new website. Information on the website includes health publications, events, news and programs of the MOH and the health sector for the information of the public and Sector Partners. The launched documents are sold at an affordable price or can be downloaded for free from the website at www.health.gov.ws.

On the 6th August, 2010, the official website of the Ministry of Health (MOH) was launched. In addition, four other documents were inaugurated namely the *Demographic & Health Survey Report 2009*, and the *Codes of Professional Standards for Allied Health Professionals 2009*, *Dental Practitioners 2009*, & *Pharmacists 2008*.

A special ceremony was held in front of the MOH main office to officiate such tremendous achievements by the MOH and the Health Sector Partners. It was attended by government dignitaries and the health sector partners in particular. The opening prayer was conducted by Rev. Faauuga Matautia of the Congregational Christian Church and was followed by the keynote address presented by the Honorable Minister of Health, Gatoloaifaana Amataga Alesana Gidlow. She acknowledged everyone who participated in producing the launched documents and
